

ZEMBA is the key to unlocking zero-emission shipping.

The Zero Emission Maritime Buyers Alliance (ZEMBA) is an innovative buyers group for cargo owners to eliminate ocean freight emissions and leverage economies of scale, while maintaining logistical flexibility.

Together, ZEMBA members will:

Easily gain access to zero-emission shipping

Lower Scope 3 emissions

Save money on the ZE transition

Catalyze investments across the maritime sector

Efficiently demonstrate climate leadership

ZEMBA forward procures zero-emission shipping by:

Aggregating demand of participating cargo owners

Tendering for green premia for aggregate volumes

Enabling bilateral contracts with winning carrier(s)

Securing credible emissions reductions and achieving your goals
